DECLINATION WAIVER FOR HEPATITIS B

I understand that as a student in the SIUC Athletic Training Education Program or Pre-ATEP, potential exposure to blood or other potentially infectious materials may put me at risk of acquiring hepatitis B virus (HBV) infection. I have been advised to undergo vaccination with hepatitis B vaccine; however, I decline hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis B, a serious disease. If in the future I continue to have exposure to blood or other potentially infectious materials and I want to be vaccinated with hepatitis B vaccine, I can receive the vaccination series at that time.
